## Residential Lighting & Appliance Rebate Program

Energy-efficient lighting and appliances benefit all Pierce Pepin Cooperative Services electric members and our communities. By replacing old, inefficient lighting and appliances with ones that have earned the government's ENERGY STAR®, you help preserve energy sources and reduce risks to the environment while saving money. To help our members save money on their energy bills, PPCS offers rebates on the purchase of qualifying ENERGY STAR products. Visit [www.energystar.gov](http://www.energystar.gov) for information.

## Terms and Conditions

### General Eligibility

This program provides rebates/incentives for the qualifying purchase and installation of products and/or services for members receiving electric service from PPCS. Products and services must be purchased between July 1, 2007 and December 31, 2008. Applicants will be accepted on a first-come, first-served basis. Completed rebate/incentive forms and required documentation must be received by PPCS no later than January 10, 2009 (see rebate form on reverse side for details). Rebate/incentive will not exceed the purchase price.

### Verification

PPCS reserves the right to verify sales receipts and/or the installation of products and services before issuing rebates/incentives. A random inspection may be conducted to verify installations. All rebates/incentives will be issued in the form of a credit to the member's electric account. **Please allow four to six weeks to process the rebate/incentive application.**

### Program Modification

PPCS does not guarantee that the energy conservation products purchased and installed under this program offer will result in energy and cost savings. PPCS reserves the right to deny or limit any rebate/incentive. Rebates/incentives are limited to the available funds and may be discontinued before the end of the program period at the sole discretion of the cooperative.

### Rebate/Incentive Application Forms

Forms are available at the cooperative office and at [www.piercepepin.com](http://www.piercepepin.com). For more information on energy efficiency/conservation programs or savings opportunities, contact our Member Services Department.

## Lighting Rebate Program

**ENERGY STAR Lighting Rebates**  
**Compact Fluorescent Light Bulbs (CFLs)**  
(*\$2 per bulb – limit 12 per account*)

## LED holiday light strings

(*\$3 per string – limit 2 per account*)

## Appliance Rebate Program

This program helps residential members receiving electric service replace refrigerators, freezers, clothes washers, dishwashers and dehumidifiers with energy-efficient ENERGY STAR appliances. Members use less energy and water with ENERGY STAR qualified appliances. These rebates help offset some of the costs associated with upgrading appliances.

## ENERGY STAR Appliance Rebates

(*Limit 1 per item per account*)

Refrigerator (\$75); Clothes Washer (\$50); Dishwasher (\$25); Freezer (\$25); Dehumidifier (\$25)

This program is part of our "Commitment to Community" as a rural electric cooperative and is funded in part through the public benefits program.
